Distribution: To all Authorized Persons

Dear Sir,

WSD Circular Letter No. 3/2006
Meter Removal and Water Supply Disconnection due to Building Demolition

Before demolition of a building, the Authorized Person (AP) has to inform the Water Authority (WA) to remove all water meters and disconnect water supply connections to comply with the Building (Demolition Works) Regulations Cap 123C Sub-regulation 3(1)(a) & (b). To facilitate notification, a new Form WWO 1143 attached at Appendix 1 has been introduced for use by AP.

2. For water meter removal, the AP should complete Part I of WWO 1143 giving the meter removal date as well as the name and phone no. of the site contact person. Based on the address stated on WWO 1143, the WA will confirm the meters to be removed with the AP. Upon receipt of confirmation from the AP, the concerned water meters will be removed in about 14 working days or on the removal date as stated on Form WWO 1143 whichever is the later.
3. For water supply disconnection, the AP should complete Part II of Form WWO 1143 indicating the type of water supply to be disconnected. It should be noted that the time required to arrange the capping of exposed connections and underground connections is about 14 working days and about 3 months respectively.
4. If the date of meter removal needs to be changed, the AP should complete Part III of Form WWO 1143 giving the new meter removal date. It should be noted that an advance notice of 14 working days is required for change of removal date.

5. For enquiry, please call our Customer Telephone Enquiry Hotline 2824 5000 or contact Engineer/Customer Services (General Duties) Ms F.Y. Li at 2294 2650.

Yours faithfully,

A handwritten signature in black ink, appearing to read 'Chu Sum', with a long, sweeping horizontal stroke extending to the right.
